

Importer Security Filing (ISF) Information Worksheet

Please note this worksheet is not the ISF filing itself. This form provides data needed to complete the ISF filings. US Customs requires that the ISF be accepted and on file with US Customs a minimum of 24 hours before the vessel departs. Failure to file ISF timely and accurately with Customs can result in liquidated damages ranging from \$5,000.00 USD to \$10,000.00 per transaction.
